

[Cooperation with China transforms Equatorial Guinea, says President Obiang](#)

Since the establishment of their diplomatic relations, China and Equatorial Guinea have supported and helped each other, yielding rich fruits in bilateral cooperation with broad development prospects, said Equatorial Guinean President Teodoro Obiang Nguema Mbasogo. "China has supported Equatorial Guinea in many fields, both economic and technical. Equatorial Guinea is satisfied with the support we receive from the People's Republic of China. You could even say that part of the transformation of Equatorial Guinea is precisely due to the economic support from the Chinese government," Obiang told Xinhua in an interview on Wednesday. At the invitation of Chinese President Xi Jinping, Obiang will pay a state visit to China on May 26-31. He has visited China multiple times as head of state. Recalling his first visit to China in 1984, Obiang lauded China's tremendous changes, noting that "it has reached spectacular levels." Xinhua.

[Abiy urges China's CCCC to expand engagements in Ethiopia](#)

Prime Minister Abiy Ahmed called on the Chinese construction company, China Communications Construction Company (CCCC), to further enhance its positive engagements in Ethiopia. The call was made during his meeting with Wang Tongzhou, chairman of the CCCC, in the Ethiopian capital, according to the Office of the Ethiopian Prime Minister. Noting the CCCC's "active engagements" across various construction activities in the East African country, Abiy emphasized the need for the Chinese construction company to further strengthen its positive contribution to the country's construction sector. During his discussion with Wang, the Ethiopian PM "shared the various national potential areas that warrant further engagement and investments from the CCCC," the statement indicated. [CHINA PROVIDES BURKINA FASO WITH 30 BILLION CFA FRANCS FOR SOLAR POWER PLANT](#)

China recently signed a concessional loan agreement with Burkina Faso to provide 30 billion CFA francs for the construction of a solar power plant at Donsin airport. This project, aimed at enhancing the country's energy security and increasing its generating capacity, highlights the growing cooperation between Burkina Faso and international partners, particularly China. The loan from China will enable Burkina Faso to build a 25 MWp solar power plant with a battery storage system, ensuring reliable energy supply at Donsin airport and boosting the country's overall generating capacity. This initiative is crucial for reducing dependence on imported electricity and enhancing self-sufficiency in energy production. Burkina Faso's position as a leading producer of solar energy in West Africa is further solidified by the Donsin solar power plant project. Africa 24.

[Zimbabwean finance minister hails Chinese investors' contribution](#)

Zimbabwean Finance Minister Mthuli Ncube on Friday hailed Chinese investors for their contribution to the southern African country over the years. The ever-growing Chinese investment in Zimbabwe over the past two decades, when the country has been under Western sanctions, is now attracting previously averse global investors

to re-examine Zimbabwe's investment opportunities, Ncube told Xinhua in an interview on the sidelines of the Confederation of Zimbabwe Industries meeting held in the capital of Harare. He said China has been a strong pillar of economic support for Zimbabwe in recent years, providing grants and loans for the development of various key infrastructure projects. "Zimbabwe has benefited a lot from Chinese investment. In the energy sector, for example, the investments that have gone into Hwange Thermal Power Station Units 7 and 8 and the Kariba South Power Expansion Project are really commendable," said the minister.
